# **SELF-CERTIFICATION INSTRUCTIONS**

Use the information below to determine which of the 4 categories of commercial motor vehicle (CMV) operation you should self-certify to:

#### Step 1:

Determine whether you currently operate or expect to operate a CMV in an **Excepted** or **Non-Excepted** status.

**Excepted** - You operate in Excepted commerce when you drive a CMV only for one or more of the following excepted activities:

- To transport school children and/or school staff between home and school
- As Federal, State or local government employees
- To transport human corpses or sick or injured persons
- · Fire truck or rescue vehicle drivers during emergencies and other related activities
- Primarily in the transportation of propane winter heating fuel when responding to an emergency condition requiring immediate response such as damage to a propane gas system after a storm or flooding
- In response to a pipeline emergency condition requiring immediate response such as a pipeline leak or rupture
- In custom harvesting on a farm or to transport farm machinery and supplies used in the custom harvesting operation to and from a farm or to transport custom harvested crops to storage or market
- · Beekeeper in the seasonal transportation of bees
- Controlled and operated by a farmer, but is not a combination vehicle (power unit and towed unit), and is used to transport
  agricultural products, farm machinery or farm supplies (no placard-able hazardous materials) to and from a farm and within 150
  air-miles of the farm
- As a private motor carrier of passengers for non-business purposes
- To transport migrant workers

Non-Excepted - You operate in Non-Excepted commerce if you drive a CMV for any reason not listed in the Excepted category above.

Non-Excepted commerce operators are required to provide a current medical examiner's certificate (49 CFR 391.45), commonly referred to as a DOT card, to DMV.

Exams must have been performed by a medical professional listed on the Federal Motor Carrier Safety Administration's National Registry of Certified Medical Examiners (https://nationalregistry.fmcsa.dot.gov).

**NOTE:** If you operate in both Excepted commerce and Non-Excepted commerce, you must select <u>Non-Excepted</u> commerce to be qualified to operate in both types of commerce.

#### Step 2:

Determine whether you currently operate or expect to operate a CMV in Interstate or Intrastate commerce.

Interstate commerce - You operate in Interstate commerce when you drive a CMV:

- From one State to another State or a foreign country
- · Between two places within a State, but during part of the trip, the CMV crosses into another State or foreign country
- Between two places within a State, but the cargo or passengers are part of a trip that began or will end in another State or foreign country

<u>Intrastate commerce</u> - You operate in Intrastate commerce when you drive a CMV within a State and you do not meet any of the descriptions above for Interstate commerce.

NOTE: If you operate in both Intrastate commerce and Interstate commerce, you must select Interstate commerce.

# **Medical Requirements Summary:**

Self-Certification Category	Medical Certificate
Excepted Interstate Commerce	Not Required
Excepted Intrastate Commerce	Not Required
Non-Excepted Interstate Commerce	Required
Non-Excepted Intrastate Commerce	Required

# Step 3:

Provide your self-certification of your operating status. If you self-certify to Non-excepted Interstate or Non-Excepted Intrastate, you must provide either the original or copy of your current medical examiner's certificate.
